We aim to strengthen community businesses and organizations. At the same time, we continue to create strong programming that will help women in the workplace to encourage economic and professional growth, leading to additional leadership in our communities.

We are planning the curriculum for 2023/2024 and are seeking vision investors who share our vision and goals for our community women. We ask you to join us on our mission **“to promote leadership, professional success, personal wellness and financial independence for women”** in High Point and surrounding areas.

The L. Paul Brayton Family established a women’s initiative fund in 2015 to benefit women in High Point and surrounding communities in honor of Paul Brayton’s late wife, Gwendolyn Kay Brayton. Extensive research about the needs of women in our community was performed by GRAMERCY Research Group. The research results provided the foundation and development of Women in Motion and our programming. Much of the information learned from our original research remains consistent, while other areas continue to emerge as areas of focus based on the current needs in our community. Therefore, we continue to regularly re-evaluate, update and shift programming and program topics.

## Our areas of focus are:

**Education:** Women need additional education to help them negotiate and advocate for themselves.

**Mentorship:** Women need better systems for networking to promote growth in each other.

**Resources:** Women, especially women small business owners, expressed a need to tap into resources that already exist in the community to increase their professional and business success.

**Wellness:** Women seek to balance personal wellness and professional success in conjunction with professional and family demands.

## Why get involved?

When you invest in Women in Motion and our programming, local women expand their skill sets and connections and ignite potential, which benefits them, their employer, and their community.

You will improve the lives of local women as they build the competencies needed to achieve their long-term goals and lead healthy,

productive lives through life skills training, mentoring, leadership development, and financial literacy. We expose women to positive role models who serve as advocates in helping them achieve their goals and make healthy decisions. In addition, we connect them with amazing community leaders and introduce them to civic engagement opportunities to help them make a difference in their communities.

Answer to focus group question:

### What is the one thing that would help you (or other women in this community) be successful?

Topic	Number	Examples
Education	23 (22%)	Job training; educational support; education; business education; informative workshops;
Mentoring	22 (20%)	Encouragement; like-minded goal group; mentoring program; networking; support group; building community; reinforcement
Communication leadership, and self awareness training	12 (10%)	Communication strategies; advocacy training and empowerment; figuring out who we are and who we want to be
Financial support	10 (9%)	Financial support; financing education; emergency fund; money
Healthcare	5 (4.5%)	Access to good healthcare; mental health counseling; mental; health support
Childcare, elder	8 (7.5%)	Quality childcare; parenting skills; parenting/grandparenting classes; classes for caring for aging parents
Transportation	2 (1.8%)	Transportation
Quality housing	2 (1.8%)	Quality housing
Misc (items hard to interpret or very individualized)	25 (25%)	Learn English; legal help; remove red tape; enforce child support; stop misuse of system; trust; driver's license; immigration status; church

## Women in Motion Programming

GWEN, “Growing Women through Education and Networking,” named in honor of Gwen Brayton, whose life was taken entirely too early by glioblastoma in July of 1997, is honored for her dedication to her family and education. This program consists of workshops and seminars that strengthen the education and skills women need to improve, organize, and create success in their lives.

### KITTY CONGDON MENTORING SERIES

The Kitty Congdon Mentoring Series is an annual signature women’s mentoring program. This program introduces women in leadership to the key components of mentoring other women and growing their own skills while doing so.

The annual Women's Summit is a day-long event focused on elevating women to the next level in their personal and professional lives. Women begin to imagine their full potential and take steps to move towards elevated goals.

### Networking Events

Women in Motion hosts networking events and meet-ups to enhance community and connection among our members and guests. These events are open to everyone in and around our community.

### Grants

A portion of membership dues are allocated to our annual grants campaign, where our members vote on how we give back and continue impacting our community. Programs must primarily serve women in the greater High Point community and pertain to one or more of Women in Motion’s four identified areas of need.

### Growth Fund

Women In Motion of High Point has long-term, ambitious goals of assisting women with taking the next step toward **personal, economic, and professional success**, as well as making a measurable difference in the lives of women in the community by identifying and executing strategies for growth and success.

## *Vision Investor Levels*

### Investor \$10,000

or a 3-year  
commitment of  
\$10,000  
\$30,000.00 total

- \* Acknowledgement in all event press releases, Investor logo highlighted on banners, and all event signage.
